Subject: report on ~~the~~ estero and harbor seals

Hi Joe;

Here is the trip report on the ~~the~~ estero harbor seal colony - the oyster operator clearly is disturbing and displacing seals but we have no direct observations - bags are located on seal haul out sand bars and there are far fewer seals hauling out there.

Does he need an IH permit? Can you write a letter to him reminding him about the MMPA? He refuses to acknowledge that the park has jurisdiction over his permit from CDFG for the aquaculture.

Thanks for your help.

Sarah
