(B) developing alternative fishing opportunities for participants in the New England groundfish fishery;

(C) providing technical support and assistance to United States fishermen and fish processors to improve the value-added processing of underutilized species and to make participation in fisheries for underutilized species of the northwest Atlantic Ocean economically viable;

(D) creating new economic opportunities through the improved processing and expanded use of fish waste; and

(E) helping to restore overfished New England groundfish stocks through aquaculture or hatchery programs.

(2) CONSULTATION.—In establishing and implementing the Northwest [sic] Fisheries Reinvestment Program, the Secretary shall consult with representatives of the commercial fishing industry, the seafood processing industry, and the academic community (including the National Sea Grant Program).

(c) MANAGEMENT PLANS FOR UNDERUTILIZED SPECIES.—The New England Fishery Management Council, in consultation with other appropriate Councils, shall develop fishery management plans as soon as possible for any underutilized species of the northwest Atlantic Ocean that is not covered under such a plan, in order to prevent overfishing of that species.

(d) UNDERUTILIZED SPECIES DEFINED.—For purposes of this section, the term "underutilized species of the northwest Atlantic Ocean" means any fish species of the northwest Atlantic Ocean that is identified, by the Director of the Northeast Fisheries Center of the National Marine Fisheries Service, as an underutilized species.
