SEC. 27. FEDERAL PURCHASE AND DISPOSITION OF OIL AND GAS.—(a)(1) Except as may be necessary to comply with the provisions of sections 6 and 7 of this Act, all royalties or net profit shares, or both accruing to the United States under any oil and gas lease issued or maintained in accordance with this Act, shall, on demand of the Secretary, be paid in oil or gas.

(2) The United States shall have the right to purchase not to exceed $16\frac{2}{3}$ per centum by volume of the oil and gas produced pursuant to a lease issued or maintained in accordance with this Act, at the regulated price, or, if no regulated price applies, at the fair market value at the well head of the oil and gas saved, removed, or sold, except that any oil or gas obtained by the United States as royalty or net profit share shall be credited against the amount that may be purchased under this subsection.

(3) Title to any royalty, net profit share, or purchased oil or gas may be transferred, upon request, by the Secretary to the Secretary of Defense, to the Administrator of the General Services Administration, or to the Secretary of Energy, for disposal within the Federal Government.

(b)(1) The Secretary, except as provided in this subsection, may offer to the public and sell by competitive bidding for not more than its regulated price, or, if no regulated price applies, not less than its fair market value, any part of the oil (A) obtained by the United States pursuant to any lease as royalty or net profit share, or (B) purchased by the United States pursuant to subsection (a)(2) of this section.

(2) Whenever, after consultation with the Secretary of Energy, the Secretary determines that small refiners do not have access to adequate supplies of oil at equitable prices, the Secretary may dispose of any oil which is taken as a royalty or net profit share accruing or reserved to the United States pursuant to any lease issued or maintained under this Act, or purchased by the United States pursuant to subsection (a)(2) of this section, by conducting a lottery for the sale of such oil, or may equitably allocate such oil among the competitors for the purchase of such oil, at the regulated price, or if no regulated price applies, at its fair market value. The Secretary shall limit participation in any allocation or lottery sale to assure such access and shall publish notice of such allocation or sale, and the terms thereof, at least thirty days in advance. Such notice shall include qualifications for participation, the amount of oil to be sold, and any limitation in the amount of oil which any participant may be entitled to purchase.

(3) The Secretary may only sell or otherwise dispose of oil described in paragraph (1) of this subsection in accordance with any

provision of law, or regulations issued in accordance with such provisions, which provide for the Secretary of Energy to allocate, transfer, exchange, or sell oil in amounts or at prices determined by such provision of law or regulations.

(c)(1) Except as provided in paragraph (2) of this subsection, the Secretary, pursuant to such terms as he determines, may offer to the public and sell by competitive bidding for not more than its regulated price, or, if no regulated price applies, not less than its fair market value any part of the gas (A) obtained by the United States pursuant to a lease as royalty or net profit share, or (B) purchased by the United States pursuant to subsection (a)(2) of this section.

(2) Whenever, after consultation with and advice from the Secretary of Energy, the Federal Energy Regulatory Commission determines that an emergency shortage of natural gas is threatening to cause severe economic or social dislocation in any region of the United States and that such region can be serviced in a practical, feasible, and efficient manner by royalty, net profit share, or purchased gas obtained pursuant to the provisions of this section, the Secretary of the Interior may allocate or conduct a lottery for the sale of such gas, and shall limit participation in any allocation or lottery sale of such gas to any person servicing such region, but he shall not sell any such gas for more than its regulated price, or, if no regulated price applies, less than its fair market value. Prior to selling or allocating any gas pursuant to this subsection, the Secretary shall consult with the Federal Energy Regulatory Commission.

(d) The lessee shall take any Federal oil or gas for which no acceptable bids are received, as determined by the Secretary, and which is not transferred pursuant to subsection (a)(3) of this section, and shall pay to the United States a cash amount equal to the regulated price, or, if no regulated price applies, the fair market value of the oil or gas so obtained.

(e) As used in this section—

(1) the term “regulated price” means the highest price—

(A) at which oil may be sold pursuant to the Emergency Petroleum Allocation Act of 1973 and any rule or order issued under such Act;

(B) at which natural gas Act, any other Act, regulations governing natural gas pricing, or any rule or order issued under any such Act or any such regulations; or

(C) at which either Federal oil or gas may be sold under any other provision of law or rule or order thereunder which sets a price (or manner for determining a price) for oil or gas; and

(2) the term “small refiner” has the meaning given such term by Small Business Administration Standards 128.3–8 (d) and (g), as in effect on the date of enactment of this section or as thereafter revised or amended.

(f) Nothing in this section shall prohibit the right of the United States to purchase any oil or gas produced on the outer Continental Shelf as provided by section 12(b) of this Act.

[43 U.S.C. 1353]

SEC. 28. LIMITATION ON EXPORT.—(a) Except as provided in subsection (d) of this section, any oil or gas produced from the outer Continental Shelf shall be subject to the requirements and provisions of the Export Administration Act of 1969 (50 App. U.S.C. 2401 et seq.).

(b) Before any oil or gas subject to this section may be exported under the requirements and provisions of the Export Administration Act of 1969, the President shall make and publish an express finding that such exports will not increase reliance on imported oil or gas, are in the national interest, and are in accord with the provisions of the Export Administration Act of 1969.

(c) The President shall submit reports to the Congress containing findings made under this section, and after the date of receipt of such report Congress shall have a period of sixty calendar days, thirty days of which Congress must have been in session, to consider whether exports under the terms of this section are in the national interest. If the Congress within such time period passes a concurrent resolution of disapproval stating disagreement with the President's finding concerning the national interest, further exports made pursuant to such Presidential findings shall cease.

(d) The provisions of this section shall not apply to any oil or gas which is either exchanged in similar quantity for convenience or increased efficiency of transportation with persons or the government of a foreign state, or which is temporarily exported for convenience or increased efficiency of transportation across parts of an adjacent foreign state and reenters the United States, or which is exchanged or exported pursuant to an existing international agreement.
