Re: Permit Application No. 26260  
(Deborah Giles, Ph.D.,  
Wild Orca)

Dear Ms. Harrison:

The Marine Mammal Commission (the Commission), in consultation with its Committee of Scientific Advisors on Marine Mammals, has reviewed the above-referenced permit application with regard to the humaneness and *bona fide* criteria of the Marine Mammal Protection Act (the MMPA). The Commission believes that the proposed activities meet these requirements and recommends that the National Marine Fisheries Service issue the permit, as requested<sup>1</sup>. Kindly contact me if you have any questions concerning the Commission's recommendation.

Sincerely,

A handwritten signature in blue ink that reads "Peter O. Thomas".

Peter O. Thomas, Ph.D.,  
Executive Director

<sup>1</sup> The Commission has confirmed with the National Marine Fisheries Service that this permit would replace permit 22141 currently held by Dr. Samuel Wasser for the same activities.
